Mr. Charlie Dennis  
Tailored Living  
16-18 Van Wettering Place  
Hackensack, NJ 07601

Dear Charlie:

Please accept this letter as our formal "thank you" for the beautiful job performed, by Tailored Living, at our award winning school.

Parisian Beauty Academy Paul Mitchell Partner School is a fast-moving and fast-growing, state-of-the-art beauty school. We maintain classes twelve months of the year, five days a week. How excited we were to learn that your company was not only willing to work long hours over a holiday weekend, so as to not interfere with our activities, but capable and equipped to do so. We had interviewed five different companies through this process, and are quite pleased to have decided upon your company.

Therefore, please accept our thanks to you, and your company for the following:

1. Your willingness to come over to our school on two separate occasions to paint a sample finish for us during your "off" hours.
2. You matched our color request EXACTLY. I have worked with colors for over 10 years, and it is quite rare that a company can match a color based upon a verbal description and not an actual swatch. I am still amazed that you *nailed* it.
3. The professionalism and efficiency of your staff.
4. The beauty of your work—you improved the look of our school.
5. Your cooperative nature—you never once spoke condescendingly, and always made us feel that you were here to please us; and it shows in your work.

We close this letter knowing that you will become part of our family of contractors; the one company we will look to on our next project. Thank you, again, for a job extremely well done!

With much appreciation,

Nadia Filadelfo
